About HCF

The Health Care Foundation of North Mississippi is the charitable arm of North Mississippi Health Services. When you link up with HCF, the funds we raise together are used to provide:

- Patient assistance for many NMHS patients who need help beyond medical care. When our social workers learn that a patient is struggling financially – whether that's with medication costs, transportation needs, utility assistance, groceries or other needs, HCF funds ease the burden.
- Health career scholarships for those pursuing health careers throughout our service area, as well as several scholarships in memory of those who have made a lasting impact on our health care organization.
